LITTLE TRADING IN ALL STOCKS ON MARKETS

Professionalism Prevailed and Concessions Were the Selling Rule

NEW YORK, March 30.—The course of the price movement in stocks shifted again today. The amounts offered for sale were not great in volume, but the demand was insufficient to absorb them except at material concessions. The dealings had the appearance of professionalism and the market was obviously narrow and apathetic.

Bonds irregular. Total sales \$3,166,000. United States bonds unchanged.

QUOTATIONS

METAL QUOTATIONS

NEW YORK, March 30.—The market for standard copper was dull and unchanged at 12.75 to 13.00 for spot and forward deliveries to the end of May.

Lake copper 13.25 to 13.50; electrolytic 13.00 to 13.25; casting, 12.75 to 13.00.

Tin firm. Spot, March and April, 33.00 to 33.25; May, 33.25 to 33.50; June, 33.25 to 33.40.

Lead dull. Spot, 4.42 1/2 to 4.50 in New York; 4.20 to 4.25 in East St. Louis.

Splitter closed easy at 5.55 to 5.65 in New York; 5.35 to 5.45 in East St. Louis.

Silver, 52 1/2; Mexicans, 44.

BOSTON, March 30, Special Market Letter.—The market opened quiet with slight tendency to rally. About mid-day liquidation started and the close was at the lowest prices. The sharp breaks in copper, have unsettled confidence in the entire list, and no one knows exactly where they stand. Investors will do well to buy only those stocks which have an established reputation of long consistent dividend payments.

MINERAL PARK IS NOW BUSY CAMP

New Machinery Arriving on Grounds and Great Deal of Ore Promised

MINERAL PARK, Ariz., March 30.—Mineral Park, one of the oldest mining camps and second county seat of Mohave, is active again after years of practical desertion of all but its turquoise mines. At the Keystone, one of the largest of the old-time producers of gold and silver, which is now under bond to a Los Angeles company, the new equipment consisting of a 100-horse power boiler, 50-horse power hoist, air compressors and electric generator, has all arrived and is being rushed into place. The main shaft has been retimbered throughout its 260 feet and a new galvanized frame nearly completed. Work on water and oil tanks of 11,000 gallon capacity each is also well under way. The Young Construction company of Los Angeles, which recently completed the Tow Reed mill in this county, has the contract for the erection of the machinery.

The Keystone ledge, which occurs in a granite and porphyry, is from six to forty feet wide and outcrops for over 5,000 feet. Its ores are the usual lead, zinc, copper and iron sulphides of the Cerbat range and carry high values of gold and silver in addition. There are about 7,000 tons of ore on the dumps averaging \$14 per ton and about 14,000 tons more in the stopes already broken, all of which represents ore thrown aside as worthless when the mine was being worked for gold and silver alone.

There is still very rich ore being encountered in the mine, some of which found recently assayed as high as 1,500 ounces in silver, but it is upon the large tonnages of the lower grade sulphides that a profitable production is estimated.

PACIFIC LEAGUE IS NOW PLAYING BALL

Games Yesterday at Three Coast Cities

LOS ANGELES, Cal., March 30.—The Los Angeles team of the Pacific Coast league defeated Vernon in the first game of the season today. The score stands 1 to 0. There was a big parade and Mayor Alexander threw the first ball, which was recovered by a small boy half an hour later.

REFORM PROGRAM OUT FOR N. Y. EXCHANGE

Hocking Pool Collapse Was Cause of Move

NEW YORK, March 30.—As a result of the collapse of the Hocking pool and other events on the stock exchange, the board of governors adopted resolutions today to effect reforms. One prohibits the taking of accounts from clerks and employees on the exchange, in brokers' offices or of non-exchange corporations. Another instructs brokers to inform themselves of the identity of those whose accounts are disguised by number or name.

ELOPERS WILL WED AFTER FEW MONTHS

SAN DIEGO, March 30.—Thomas Foreman and Gertrude Seifert the boy and girl elopers yesterday, will be married. The announcement was made tonight by families of the pair. The boy and girl expressed delight. The wedding must be deferred eighteen months. This is a condition imposed by the father of the girl, who is not yet sixteen. The honeymoon will be spent in Europe.

TUCSON IS READY

Military Will Add to Splendor of West Coast Opening Celebration

TUCSON, March 30.—The war department has issued an order detailing the Eighth cavalry, which is stationed at Fort Huachuca, to march overland to Tucson and take part in the celebration of the opening of the Tucson & West Coast of Mexico railroad, which will be held on May 5 and 6. Those troops will take part in the monstrous parade, which will be held on the morning of May 4 and will engage in maneuvers for the benefit of the public. The university of Arizona students, who annually hold a university circus, are planning to hold a grand carnival on May 5 and 6, instead of the circus which they have been holding from year to year. This circus will be held at the university athletic park and the university students are already making elaborate preparations to give the public a good time.

R. S. Stubbs, assistant general passenger agent of the Southern Pacific company at Tucson, will leave for San Francisco in a few days for the purpose of conferring with officials of the Pacific company in that city with the view to obtaining very low rates from all points in Arizona and Mexico for the Cinco de Mayo fiesta.

ALLEGED MURDERER RUSHED TO TRIAL

NEW YORK, March 30.—It took just ninety-three minutes today for two juries to pave the way for the trial of Albert Wolter, charged with the atrocious murder of Ruth Wheeler last Thursday.

A coroner's jury held him for the grand jury and the grand jury indicted him for murder, the trial being set for next Monday. The authorities believe their case is so strong that Wolter will be in murderers' row at Sing Sing in less than a fortnight.

PROBE FOR STEEL TRUST IN INDIANA

Gompers and Others File Complaint with Governor

INDIANAPOLIS, Ind., March 30.—The campaign of the American Federation of Labor against the United States Steel corporation was presented today by Samuel Gompers, president of the federation, and his counsel.

It is hoped to bring the governor to a direct prosecution of the company for violation of the anti-trust laws. Governor Marshall promised Mr. Gompers that he would carefully consider evidence submitted that the United States Steel corporation was violating the laws of Indiana, and if he found it sufficient, would direct the prosecution of the company.

HORSE RUNS AWAY TRAIN HITS THREE

LOS ANGELES, March 30.—Two girls were injured, one fatally, tonight when a runaway horse drew a buggy in front of a speeding Santa Fe train from San Bernardino.

The injured are Helen Howard, 16, right leg off, will probably die. Daisy Rogers, aged 18, several ribs broken. Lester Edwards, driving them, collar bone broken.

ONE THING AT A TIME

Anne, a little Texas child, went out to walk with her mother for the first time after a slight illness. She walked slowly, and, after waiting several times to let her catch up, the mother called out: "Come on, it's getting late, dear. We must hurry in." Then as her daughter made no haste, she added, "Run, Anne." From a little distance came the protest: "You'll just have to wait, mother. I'm so busy walking I can't run.—Lue Delucator.

T. F. Ryan Wants to Be U. S. Senator from Virginia

THOMAS FORTUNE RYAN

NEW YORK, March 30.—Thomas Fortune Ryan, one of America's greatest millionaires, is in a fair way to reach the goal he has long wanted, and that is to be a member of the United States senate.

While head of the American tobacco trust and stockholder in many of the largest trusts in this country, Mr. Ryan has kept his legal residence in Virginia and has been quietly at work for years paying the way to a seat in the senate. The long illness of Senator Daniel started the Ryan agents pulling the proper strings for him. Mr. Ryan is credited with giving away \$1,000,000 a year to charities and Ryan has been cutting off the active management of his many interests with one idea, his friends declare, of some day being a United States senator. If he can secure this post, his friends say, he will be content. With the huge fortune at his command, Mr. Ryan is in a position to gratify most any wish, but he has been balked in his one hobby so far, and that is to be called senator.

O'DONAGHUE IS NEW LOUISVILLE BISHOP

Many Roman Catholic Dignitaries Are Present

LOUISVILLE, Ky., March 30.—Prelates and priests from many Roman Catholic dioceses today attended the enthronement of the Right Rev. Denis O'Donaghue of Indianapolis as Bishop of Louisville in succession to the late Bishop McCloskey. The solemn service was held in the Cathedral of the Assumption, a large edifice which was much too small to attend all who desired to attend.

Bishop O'Donaghue is the fifth bishop of the Louisville diocese. The diocese was established at Bardonia, Ky., in 1841. The first bishop was the Right Rev. Benedict Joseph Elmer. Next was the Right Rev. Martin John Spalding, who became Bishop of Baltimore in 1854. After him came the Right Rev. Peter J. Lavallee, who was succeeded in 1868 by the Right Rev. William George McCloskey, who served until his death last September.
